### **Gawley Cosmetic Surgery Offers Cutting-Edge Combination Procedures**

*Phoenix cosmetic surgeon Dr. Bryan Gawley is pleased to announce his office is now offering Thermi RF with Juvederm Voluma Combination Treatments*

PHOENIX, December 16, 2014 – Phoenix Cosmetic Surgeons Dr. Bryan Gawley and Dr. Cheri Ong are now offering their patients cutting-edge combination treatments. Gawley Plastic Surgery is combining Thermi RF with Juvederm Voluma treatments, which blend the newest cosmetic technologies and one of the newest injectables on the market.

By combining the FDA-approved Thermi RF and Juvederm Voluma treatments, they can successfully give Phoenix patients more dramatic facial rejuvenation results of loose chin, cheek, jowl and neck areas. Dr. Ong was one of the early users of this technology when it was first introduced in the United States, and has been on the Clinical Advisory Council since its early inception.

“The exciting development in facial rejuvenation is that we now finally have effective technology and products that allow us to create natural looking results with combination non-surgical techniques with minimal downtime,” said Phoenix plastic surgeon Dr. Cheri Ong of Gawley Plastic Surgery. “I think patients will be pleasantly surprised with what can be achieved.”

Dr. Gawley and his experienced facial rejuvenation team proudly serve throughout Phoenix, Scottsdale, Gilbert, Chandler, Glendale and surrounding areas in Arizona. They offer a wide variety of plastic surgery treatments including facial rejuvenation, breast augmentation, body contouring, mommy makeovers, and Botox.

For more information, or to schedule a facial rejuvenation consultation with Dr. Gawley or Dr. Ong, patients are encouraged to call 480.842.8606, or fill out an online form at: [www.gawleyplasticsurgery.com](http://www.gawleyplasticsurgery.com).
